

Thank you for inviting Our Family Encounter to help you and your loved ones into your life and to help capture how you want to celebrate your final wishes.

The days following your life on our planet are yours to decide, if you so choose. Planning this well, and saving for it, is one of the last gifts you can give to those you love.

Following is what you have decided, to date. Please tack on any additional details and put this with your Will, your POA, and your Healthcare Directive and other important papers. At the end of this document is an estimated cost, which you should be accumulating in an investment or savings account with your beneficiary assigned. This account should capture what is needed for immediate use.
